

School Provision

Staffing structure that promotes support for all pupils and their families. There is an 'open door' approach for parents/carers to ask for help when they need it.

A **whole school ethos** that values every child and nurtures them to enable them to achieve their potential.

Staff are trained in **attachment, mental health first aid, trauma and Lego therapy** which helps them to support groups and individuals.

Our **school environment and engaging curriculum** provides the children with many enrichment opportunities such as inter-school tournaments, outdoor play areas and visits/visitors.

We offer **Parent Information Evenings** which include, curriculum such as phonics, reading and maths, MHWB, SEND, E Safety, Induction and Transition.

We have additional interventions for children who are eligible for **Pupil Premium funding and for children who have SEND or mental health and well-being needs.**

We have a **Nurture Group** that supports children who may need support with their emotional wellbeing.

Outreach Support

EIFS – Early Intervention Family Support – offer drop in sessions for parents and the children on request and also run programmes of support for individual children and their families who have been referred either by the school or on behalf of the family.

TFS – Targeted Family Support will work directly with families who request additional support for more complex needs.

Our Educational Psychologist will come into school to provide support and guidance for staff and parents and also work with children 1-1.

CAMHS can support children who are in need of support for mental health needs.
CAMHSCAST workers provide outreach support to schools and parents/carers.

We have strong links with the **Speech and Language** team who come into school and carry out assessments.

There are strong links with the **feeder middle schools** when children leave Dodford at the end of Year 4.

The school works with **Chadsgrove Outreach Support** to assess and support our children with SEND.

The **school nurse and health visitors** offer advice and support to parents/carers.
