

Week Commencing: 08.06.20

English	Maths	
<ul style="list-style-type: none"> Recap The Cautious Caterpillar story from last week. Using your knowledge of the story, complete a thought bubble or/and the speech bubbles below. If you cannot print, why not write what the caterpillar thought or what he and the ladybird said to each other in a different way such as chalk on the ground, with felt tips on card, using paint and large paper, using a brush and water on the patio, type it out on the computer or tablet. 	<ul style="list-style-type: none"> Doubling. Get moving and grooving to the doubling video by Rocking Dan Teaching Man by following the link https://www.youtube.com/watch?v=4U2QLjgripY Doubling. Choose one or both of the doubling games to complete at home. Doubling Game 1: Using a mirror, place a selection of objects in front of the mirror. You will see a reflection of those objects in the mirror. This will help you to see what double the amount looks like. Record your findings. See image below. Doubling Game 2: Use paint to print an amount to 5, then to 10. I would print the first set in one colour. Then, using a different colour, print the same amount again. Record your findings. See image below. 	
<p style="text-align: center;">ICT</p> <ul style="list-style-type: none"> Purple Mash Mini Mash Education City Bug Club 	<p style="text-align: center;">Home Learning Choice Grid Reception</p> <div style="text-align: center;">  </div> <p style="text-align: right;">You need to select two or three activities daily. Please upload observations on Parent Share where possible.</p>	
<p>Topic</p> <p>Summer 2 Topic: We're Going on a Bug Hunt</p> <ul style="list-style-type: none"> Thinking back to the minibeast hunt you carried out last week, or maybe you would like to do another or this week, draw the minibeasts found. Cut the drawings out and find different ways to group them. Those that have wings and those that do not have wings, those with six legs and those with more or less than six legs. Can you think of any other ways to group them? 	<p>Wider Curriculum</p> <p><u>MUSIC</u> Chirp like a cricket, buzz like a bee... Can you make the sounds of different minibeasts?</p> <p><u>PE</u> Kids Bop Kids Dance Along on YouTube</p> <p><u>MINDFULNESS</u> Listen to the different sounds of minibeasts following this link https://www.youtube.com/watch?v=dPMeSytd0-g</p>	
<p>Further Learning Opportunities</p>		
<p>Visit https://www.thenational.academy/ to find three daily lessons each week. The three lessons focus on an English, maths and a foundation subject area. To access the lessons select <u>Classroom</u> - <u>Schedule</u> - <u>Reception</u> - <u>choose a lesson of your choice</u>. You can select any day of the week and activity.</p>
